**Remember, THE NUMBER 1 REASON FOR INSTALLING A DISPENSARY IN YOUR CLINIC. . .**

**\*IT'S THE MOST PROFITABLE PROCEDURE YOU CAN DO!**

\*Based on an average of 1 script/patient, 100 patients/week, an average cost of \$6.50/script (generic), an average selling price of \$16.50/script, resulting in an average profit of \$10.00/script, 50 weeks/year, the average Physician would **Earn \$50,000 profit/year.**

(\$10.00/script x 1 script/patient x 100 patients/week = \$1,000/week x 50 weeks/yr. = \$50,000/year.)

Reimbursements for your standard medical procedures have not increased in 10 years!  
They're not going up! And,

**EVERY WEEK YOU WAIT COSTS YOU \$1,000.00!**

What Else Will you do to STOP the BLEEDING, if You Don't do this?
